

## get the word out

The SAMSUNG Propel™ is the slider that makes communication easy. Just slide open up this stylish phone and slide open the possibilities, from texting to email to Instant Messaging – all simplified thanks to a full QWERTY keyboard. The Propel is also packed with fun features like high-speed multimedia access, full Web browsing, AT&T Mobile Music, AT&T Navigator and much more. So slide open the SAMSUNG Propel™ and get the word out like never before.

### qwerty keyboard

The Propel™ has a slide-out, full QWERTY keyboard that lets you get the word out faster and easier.

### multiple messaging

Stay connected with your friends wherever you are. The Propel™ gives you all the messaging options you want – email, text messaging, Instant Messaging and picture messaging.

### at&t music

Welcome, music lovers. With AT&T Mobile Music and the Propel™, you can play and download all your favorite tunes and ringtones. And thanks to the built-in microSD™ memory slot, your play list can go on and on.

### at&t navigator

With AT&T Navigator, the SAMSUNG Propel™ gives you GPS-enabled turn-by-turn directions, maps, traffic updates and more.

## video share

Show off your new car. Be at Mom's birthday party. Even if you're hundreds of miles apart, Video Share and your new SAMSUNG Propel™ make it all possible. Any two Propels (or other Video Share-compatible phones) can share real-time, one-way video of almost anything – all while talking on the phone. It's nice to share.
