

# exotic beauty. instinctual touch.

The SAMSUNG Instinct<sup>®</sup> s30™ puts your world at your fingertips. Instant messaging keeps you in touch with friends and family. The web browser lets you surf the internet faster. Turn-by-turn GPS navigation gives you directions to anywhere you want to go. And with Calendar Sync, you'll be in perfect harmony with your business computer at all times. What are your instincts telling you now?

## full touchscreen device

This SAMSUNG advanced touchscreen reacts to your every touch in a tactile way. It also makes accessing applications with your fingertip or a stylus fast and easy (and fun).

## instant messaging and calendar sync

The Instinct's IM capabilities make keeping in touch with friends easy and instant, no matter where you are. Calendar Sync lets you sync your phone with your Outlook® calendar so you'll never miss an appointment or meeting.

## turn-by-turn gps navigation

Get audible turn-by-turn directions to any destination, whether it's a quick trip or a road trip. Or use Live Search to look for businesses nearby. You can even share directions by sending them to friends.

## visual voicemail

See your messages before you listen to them. You'll know who called and when, so you can decide which messages to listen to – if any.

## full html web and opera mini browsers

The Instinct s30 puts the world wide web at your fingertips. The full HTML browser lets you surf the web, check your email and download files. It even lets you bookmark your favorite pages. The Opera Mini browser gives you the full web experience with compressed pages for faster page loads, the ability to save pages to read offline and more.
